Celebrate!

Vineyard & Winemaking Notes

Developed and introduced for the year 2000 festivities, Celebrate has been a perennial favorite of our customers ever since. It blends Riesling, the versatile flagship wine of the Finger Lakes with Vidal Blanc, best known for ice wines. We use a gentle overnight press cycle, ferment entirely in tanks, and arrest fermentation of the two components of this wine before the yeast has consumed all the sugars, leaving residual sugar to highlight the lovely natural citrus notes and round out the mid-palate and finish.
