Clara's Red

Vineyard & Winemaking Notes

Clara's Red is named for our co-owner Len Wiltberger's grandmother, Clara. It's just the kind of wine she most enjoyed: sweet, refreshing, juicy, and fun. The key flavor in Clara's Red comes from Catawba, the only grape native to North America that we incorporate in our wines. It's grown lovingly by our decades-long friend Tom Hunt, owner of Joyful Vineyards, just a stone's throw from our winery.

The ripe cherry flavors, lovely color and sweetness of Clara's Red make it a great choice to enliven picnics, barbecues, and afternoons or evenings relaxing on the porch or deck. It's happy to be drunk on its own, with seltzer as a spritzer, in punch, and as sangria! Serve well chilled.
