

Keuka SPRING

2019 Dry Rosé

Vineyard & Winemaking Notes

We use the *saignée* process to bleed juice from the red grapes right after crushing to limit tannin extraction. We ferment particular sublots of juice in neutral barrels with simultaneous malolactic to round out the texture and add richness to the wine.

Appellation	Finger Lakes
Growers	Keuka Spring Vineyards, Anthony Road Wine Co., Sawmill Creek Vineyards, Atwater Vineyards
Composition	Lemberger, Cabernet Franc, Cabernet Sauvignon

Alcohol by volume	12%
Residual sugar	0.3%
Sweetness perception	Dry
Bottling date	January 21, 2020
Production	646 cases

Tasting Notes

Our light coral-toned Dry Rosé is a joyful wine that blooms on the palate with cherry and strawberry notes and surprises the senses with its round and weighty texture.

Food Pairing Ideas

Lighter fare like poultry, salads with protein, and anything cheesy!
