

Keuka SPRING

2017 Miller's Cove Red

Vineyard & Winemaking Notes

Miller's Cove Red is a complex dry proprietary blend sourced from five fine local vineyards including our own, and our best selling red wine. We de-stem the grapes, and perform daily rack-and-returns (called *délestage*) along with morning and evening punch-downs to extract more fruit and tannin. Malolactic fermentation and aging in FlexTanks ensures that the resulting wine is dense in flavor, smooth in texture, and long and satisfying in the finish.
